

EU Sparks for Climate

CITIZENS HACKATHON CHAMPIONSHIP

Supported by the

European
Commission

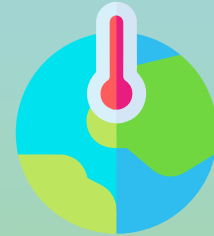

Call for researchers

EU Sparks for Climate is looking for researchers to team up with citizens and develop technological or social innovation solutions for climate.

Why should you participate?

If you are interested in climate and have developed research activities in this field, EU Sparks for Climate is a great opportunity to contribute to the development of solutions that respond to a challenge proposed by citizens. You will be part of a team competing to become one of the winners of the European Citizen Hackathon Championship.

How can you apply?

To register your application, you just need to visit our website www.eusparks.eu and fill out the registration form that you can find in this link <https://form.typeform.com/to/CRakQjOC> or in the following QR:

After describing what you can bring and your motivation to participate, we will contact you to propose a team to participate with. The hackathons will take place virtually between May and June 2024.

Registration deadline

There will be a first CoD on May 10th
